

SLP Draft Subscription Reimbursement Request

To: _____ Date: _____
From: _____ Role: _____
School / Clinic: _____

Request: Requesting \$240/year for software to reduce documentation time and maintain FERPA-informed evaluation score reporting.

What it is

SLP Draft (slpdraft.com) is web-based software for speech-language pathologists. It helps draft evaluation reports and Present Levels, track therapy goals and trial data, and produce progress updates. The clinician reviews and edits every draft before use.

Why it helps

- Less time spent on report writing and progress documentation, more time for students.
- Consistent, organized score tables and progress summaries built from saved data.
- Students identified by initials; data can be exported or deleted by the clinician.

Cost

\$240 per year per clinician (or \$24/month). Includes a 14-day free trial with no card required. Cancel anytime.

Privacy

Security and FERPA information, including how data is protected and processed, is published at slpdraft.com/security. Districts needing a data privacy agreement, W-9, quote or invoice can email hello@slpdraft.com.
